ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.

(54) Title: EXCHANGE OF CENTRALIZED CONTROL DATA

(57) Abstract: Apparatus and method for providing a user with the ability to utilize a Data Collection Service (DCS) unit as a gateway for communicating with home or office devices, wherein manufacturers of home and office devices, as well as software developers, embed a second wired or RF interface in each device. This second interface, which supports standard protocols and user interface (UI) technology, such as tcp/ip, xml, html, Java and web browsers, is managed by the DCS unit or by a mobile device that integrates the DCS technology.
